WEEKLY OVERVIEW

This week, we are dedicating our focus to fostering imagination and creativity through a variety of hands-on activities. The children will have the opportunity to engage in crafting their own salt dough creations, explore the vibrant world of wool art, and design personalized friendship bracelets. Additionally, we'll be crafting colorful pom-poms to enhance the creative experience. With a full range of dynamic projects, this week promises to be both engaging and inspiring, encouraging individuals to express their unique artistic visions and develop their crafting skills in a supportive environment.

JUNIOR

In the junior area, we are focusing on promoting collaboration and teamwork by encouraging the sharing of resources and fostering an inclusive environment where everyone is welcome to join in on games. This approach aims to develop social skills, enhance communication, and nurture a sense of community, allowing children to engage with one another in a supportive and cooperative manner. By actively participating in shared activities, they learn the importance of inclusivity and mutual respect while enjoying the process of play.

SENIOR

In the senior area, we are encouraging individuals to step outside of their comfort zones by exploring new activities and participating in games they may not have experienced before. This initiative promotes adaptability, broadens skill sets, and fosters a sense of excitement and curiosity.
