WEEKLY OVERVIEW

Welcome back!

We hope everyone had a restful and enjoyable Easter break.

This week, we're placing a strong focus on team building, aiming to strengthen collaboration, communication, and camaraderie across the team. A variety of engaging activities have been planned, including cooking challenges, sports games, and board games, offering something for everyone to enjoy while fostering stronger connections.

JUNIOR

In the Juniors area, our focus this week is on developing teamwork skills through collaborative building activities using LEGO and construction blocks. These hands-on tasks are designed to encourage problem-solving, communication, and cooperation, as the children work together to achieve shared goals. It's a fun and engaging way to support their social and cognitive development while reinforcing the importance of working as a team.

SENIOR

In the Seniors area, we will be engaging in cooking activities designed to promote teamwork and collaboration. These sessions will encourage the children to work together, delegate tasks, and communicate effectively as they prepare and create meals. Additionally, we'll be exploring creative ways to make the kitchen experience more enjoyable, allowing the children to contribute their ideas and take ownership of the process in a fun and supportive environment.

MORE NEWS

We are pleased to welcome Sumbal to the team as our new Service Leader. Sumbal brings a wealth of experience and enthusiasm to her role, and we are excited to have her on board. You will be seeing her regularly around the school as she supports and leads our service operations. Please join us in giving her a warm welcome and helping her feel part of the team!
