WEEKLY OVERVIEW

This week, our focus is on the theme "All About Me," with a variety of engaging activities centered around our sense of identity, belonging, and connection to the world and our local community. One of our collaborative projects will involve creating an "All About Me" bunting, where each child will contribute a personalized piece. This activity encourages self-expression and teamwork, helping children celebrate their individuality while recognizing their place within a larger community.

JUNIORS

In the Juniors area, we are also introducing a sensory dinosaur bin, designed to encourage hands-on exploration and imaginative play. Children will have the opportunity to engage with a variety of textures and materials within the tray, promoting sensory development and curiosity through a fun, dinosaur-themed experience.

SENIORS

In the Seniors area, children will be creating window stickers inspired by the theme "All About Me" as well as Bastille Day, in celebration of the French national holiday. This creative activity allows children to express their individuality while also learning about and appreciating cultural celebrations from around the world.
