This week, our focus is on fostering imagination across all areas of play and learning. Children will be encouraged to explore their creativity through a variety of open-ended activities, including crafting, sculpting, and imaginative role play. Whether they are building in the construction area, engaging in dramatic play in the home corner, or exploring the outdoors, we are providing opportunities for them to express original ideas, problem-solve, and bring their unique visions to life. These experiences support cognitive development, collaboration, and confidence while celebrating the power of imagination.
